this text brings together work in the field of early modern european history it provides an overview of current thinking on the period c 1500 1700 demonstrating that history is not a collection of static facts but rather a dynamic process of interpretation

the sixteenth and seventeenth centuries have traditionally been regarded by historians as a period of intense and formative historical change so much so that they have often been described as early modern an epoch separate from the medieval and the modern paying particular attention to england this book reflects on the implications of this categorization for contemporary debates about the nature of modernity and society the book traces the forgotten history of the phrase early modern to its coinage as a category of historical analysis by the victorians and considers when and why words like modern and society were first introduced into english in the sixteenth and seventeenth centuries in so doing it unpicks the connections between linguistic and social change and how the consequences of those processes still resonate today a major contribution to our understanding of european history before 1700 and its resonance for social thought today the book will interest anybody concerned with the historical antecedents of contemporary culture and the interconnections between the past and the present

interpreting early modern europe is a comprehensive collection of essays on the historiography of the early modern period circa 1450 1800 concerned with the principles priorities theories and narratives behind the writing of early modern history the book places particular emphasis on developments in recent scholarship each chapter written by a prominent historian caught up in the debates is devoted to the varieties of interpretation relating to a specific theme or field considered integral to understanding the age providing readers with a behind the scenes look at how historians have worked and still work within these fields at one level the emphasis is historiographical with the essays engaged in a direct dialogue with the influential theories methods assumptions and conclusions in each of the fields at another level the contributions emphasise the historical dimensions of interpretation providing readers with surveys of the component parts that make up the modern narratives supported by extensive bibliographies primary materials and appendices with extracts from key secondary debates interpreting early modern europe provides a systematic exploration of how historians have shaped the study of the early modern past it is essential reading for students of early modern history for a comprehensive overview of the history of early modern europe see the partnering volume the european world 3ed edited by beat kumin routledge com the european world

studying in its own right written by an experienced team of specialists associated with a university module of the same name it offers a student friendly introduction to all major themes and processes of early modern history structured in four parts dealing with socio economic religious cultural and political issues it adopts a broad geographical perspective western and central europe receive particular attention but dedicated chapters also explore the wider global context thematic priorities include social structures reformation change expanding cultural horizons and the emergence of the modern state specially designed to assist learning the european world 1500 1800 features up to date surveys of key topics written by an international team of historians suggestions for seminar discussion and further reading extracts from primary sources and vivid illustrations including maps a glossary of key terms and concepts a chronology of major events a full index of persons places and subjects a fully featured companion website accessible at routledge.com/textbooks/9780415432535 the european world 1500 1800 will be essential reading for all students embarking on the discovery of the early modern period

winner of the 2020 prose award for multivolume reference humanities in the early modern age technological innovations were unimportant relative to political and social transformations the size of the workforce and the number of wage dependent people increased due in large part to population growth but also as a result of changes in the organization of work the diversity of workplaces in many significant economic sectors was on the rise in the 16th century family farming urban crafts and trades and large enterprises in mining printing and shipbuilding moreover the increasing influence of global commerce as accompanied by local and regional specialization prompted an increased reliance on forms of under compensated and non compensated work which were integral to economic growth economic volatility swelled the ranks of the mobile poor who moved along europe s roads seeking sustenance and the endemic warfare of the period prompted young men to sign on as soldiers and sailors colonists migrated to europe s territories in the americas africa and asia while others were forced overseas as servants convicts or slaves the early modern age proved to be a renaissance in the political social and cultural contexts of work which set the stage for the technological developments to come a cultural history of work in the early modern age presents an overview of the period with essays on economies representations of work workplaces work cultures technology mobility society politics and leisure

covering european history from the invention of the printing press to the french revolution the third edition of this best selling textbook is thoroughly updated

with new scholarship and an emphasis on environmental history travel and migration race and cultural blending and the circulation of goods and knowledge summaries timelines maps illustrations and discussion questions illuminate the narrative and support the student enhanced online content and sections on sources and methodology give students the tools they need to study early modern european history leading historian merry wiesner hanks skillfully balances breadth and depth of coverage to create a strong narrative paying particular attention to the global context of european developments she integrates discussion of gender class regional and ethnic differences across the entirety of europe and its overseas colonies as well as the economic political religious and cultural history of the period

this handbook re examines the concept of early modern history in a european and global context the term early modern has been familiar especially in anglophone scholarship for four decades and is securely established in teaching research and scholarly publishing more recently however the unity implied in the notion has fragmented while the usefulness and even the validity of the term and the historical periodisation which it incorporates have been questioned the oxford handbook of early modern european history 1350 1750 provides an account of the development of the subject during the past half century but primarily offers an integrated and comprehensive survey of present knowledge together with some suggestions as to how the field is developing it aims both to interrogate the notion of early modernity itself and to survey early modern europe as an established field of study the overriding aim will be to establish that early modern is not simply a chronological label but possesses a substantive integrity volume i examines peoples and place assessing structural factors such as climate printing and the revolution in information social and economic developments and religion including chapters on orthodoxy judaism and islam

this anthology provides a broad overview of the social history of preaching throughout western and central europe with sections devoted to genre specific countries and commentary on the appeal of the reformation messages

early modern histories of time examines how a range of chronological modes intrinsic to the sixteenth and seventeenth centuries shaped the thought worlds of those living during this time and explores how these temporally indigenous models can productively influence our own working concepts of historical period this innovative approach thus moves beyond debates about where we should divide linear time and what to call the ensuing segments to reconsider the very concept of period bringing together an eminent cast of literary scholars and historians the volume develops productive historical models by drawing on the

very texts and cultural contexts that are their objects of study what happens to the idea of period when english literature is properly placed within the dynamic currents of pan european literary phenomena how might we think of historical period through the palimpsested nature of buildings through the religious concept of the secular through the demographic model of the life cycle even through the repetitive labor of laundering from theology to material culture to the temporal constructions of shakespeare and from the politics of space to the poetics of typology the essays in this volume take up diverse complex models of sixteenth and seventeenth century temporality and contemplate their current relevance for our own ideas of history the volume thus embraces the ambiguity inherent in the word contemporary moving between our subjects sense of self emplacement and the historiographical need to address the questions and concerns that affect us today contributors douglas bruster euan cameron heather dubrow kate giles tim harris natasha korda julia reinhard lupton kristen poole ethan h shagan james simpson nigel smith mihoko suzuki gordon teskey julianne werlin owen williams steven n zwicker

the previous revolutionary period in england had changed the nation enough for women s participation in all areas of society politics and religion to become feasible and visible this emergent visibility gave them a chance to become actresses after 1661 and sparked their desire to offer contributions to the public stage after 1669 book jacket

this volume contains the proceedings from the 1997 symposium attending to early modern women crossing boundaries which was sponsored by the center for renaissance and baroque studies at the university of maryland college park it provides a detailed overview of current research in early modern women s studies

the book looks at how people things and new forms of knowledge created publics in early modern europe and how publics changed the shape of early modern society the focus is on what the authors call making publics the active creation of new forms of association that allowed people to connect with others in ways not rooted in family rank or vocation but rather founded in voluntary groupings built on the shared interests tastes commitments and desires of individuals by creating new forms of association cultural producers and consumers challenged dominant ideas about just who could be a public person greatly expanded the resources of public life for ordinary people in their own time and developed ideas and practices that have helped create the political culture of modernity coming from a number of disciplines including literary and cultural studies art history history of religion history of science and musicology the contributors develop

analyses of a range of cases of early modern public making that together demonstrate the rich inventiveness and formative social power of artistic and intellectual publication in this period

a cultural history of food presents an authoritative survey from ancient times to the present this set of six volumes covers nearly 3 000 years of food and its physical spiritual social and cultural dimensions
